Employment Services Manager Report

Mackay and Sarina region, DES and TTW, have been super busy meeting new participants and getting to know existing clients better, so that we can help them into their best fit employment choices, but we still have time to work on a few special projects to benefit our local community. One of the projects that we have been working on at the start of this year is the continuation of the Ticket to Work partnership for the region. IDEAL Placements operates as the lead agency for this programme in Mackay, which assists school students with a disability to transition to employment over the final years of secondary education.

We believe that all young people have the right to engage in meaningful and rewarding work. In conjunction with local schools, employers, training providers and State and Commonwealth Government agencies, IDEAL is working to assist students with disabilities to prepare for work, gain work experience and then find school based traineeships where they are able to make a smooth transition from thinking and acting like full time students to becoming skilled workers as soon as they exit secondary education.

Last year's Ticket to Work program led to some really excellent and exciting outcomes for our participants, and this year we have been able to expand the Program to include more schools, more students and super importantly – more employers!

As a community, we continue to work towards increasing diversity in our workplaces, so that everyone benefits. Participants' gain all the benefits of employment, including money, social inclusion, health benefits and job satisfaction, and employers gain access to a whole group of hardworking and loyal employees, skilled and ready to contribute to the local economy.

What's been happening?

2017 Blood Drive

On 30 November, 2017, IDEAL Placements took part in a blood drive. Our main goal was to help lift the stigma that people with a disability cannot give blood.

Mayor Greg Williamson showed his support for the cause by attending the event to donate blood, in addition to five other IDEAL Placements staff members and participants – for some, this was their first time.

It was a successful day with many of the participants leaving the drive more knowledgeable about giving blood and less afraid.

Thank you Leanne, Jayni and Charlie for their hard efforts organising this event and to everyone else whom attended.

STOP THE PRESS!

IDEAL Placements has formed a partnership with AURORA Training Institute and have commenced training in the following course;

CHC33015 Cert III in Individual Support

Students have commenced, love the classes and are looking forward to starting a new career as a support working in the NDIS industry.

Jenny, our trainer, is doing awesome, training and mentoring the students.
